

## ACG Is For & About DealMakers

You'll join more than 12,000 leading dealmakers around the globe when you become a member of ACG! In Philadelphia, ACG is a vibrant and growing community of our region's most successful financial and strategic dealmakers.

## Delivering Value & Generating Deals

Membership is tightly controlled with priority given to private equity firms, corporate acquirers, and investment bankers. Service professionals must be genuine dealmakers and are required to join with a new corporate or private equity member so that our chapter remains in a healthy balance.

ACG Philadelphia hosts high-quality educational programs as well as deal-generating networking events, which include monthly Executive Briefings, Corporate Development Officers' Roundtables and semi-annual Private Equity DealMakers' Workshops along with the annual M&A East Conference attended by more than 1,100 executives from across the country.

### Generating & Closing Deals

ACG Philadelphia facilitates relationships that will enable you to source, structure, negotiate and successfully close more deals!
