

# ACG Ag Tech Investor Symposium

hosted by **ACG** Raleigh Durham

OCTOBER 12, 2023 | Marriott Raleigh City Center

Join us for ACG's second annual investor symposium dedicated to the rapid-growth world of AgTech.

Hosted by ACG Raleigh-Durham, this one-day event will educate investors about this hot industry sector in an environment ripe with opportunity.

The global ag-tech market is on the rise. Consumer demands concerning food production and improvement of agricultural technology are boosting growth. As of 2023, the global ag-tech market is worth \$21.89 billion. By 2030 that amount rockets to over \$43 billion. As investment gathers pace, valuations are growing with the industry. This symposium takes a hard look at where the investment opportunities are currently, and where private capital should be poised to take advantage of the rapid growth.
