

# Using AI: Not Why. How.

*Our Expert Panel Presents Real World Use Cases, Including Tactics You Can Adopt. Today.*

S P O N S O R E D B Y :

Much has changed since our first ACG OC Academy presentation on artificial intelligence - so much in fact that we felt compelled to bring the topic back. This time around, though, it's all about putting AI into action - and getting traction.

Among the things you will learn:

- How to apply AI beyond just basic research
- How to develop a cohesive corporate strategy to maximize the impact of AI
- How to break down the barriers to adoption
- How to use different AI platforms - and select the one that fits your needs

As always, your Academy ticket includes hearty hors d'oeuvres, wine, and robust networking - both before and after the panel. Register TODAY!
