President's Message

Since 1954, the Association for Corporate Growth (ACG) has connected the people, ideas, and capital that drive middle-market growth. Today, our global network brings together more than 14,500 members across 50+ chapters worldwide. As one of ACG's largest and most dynamic chapters, ACG Los Angeles continues to play a leading role in Southern California's vibrant dealmaking community.

What makes ACG Los Angeles special is more than our exceptional programming. It is the relationships we build, the trust we cultivate, and the opportunities we create for one another.

In 2027, we will continue to elevate the member experience through innovative programming, thought leadership, intimate networking opportunities, and memorable social experiences. Our focus remains on fostering meaningful connections, strengthening our community, and delivering exceptional value to our members and sponsors.

Our sponsors are essential partners in this mission. Your support allows us to bring together exceptional people, spark new opportunities, and strengthen the middle-market ecosystem we collectively serve.

Whether you are a returning sponsor or joining us for the first time, I invite you to be part of an extraordinary year ahead. Together, we will continue to build a community where relationships flourish, businesses thrive, and opportunities become reality.
