May 5 Webinar: Operational Considerations to Drive Liquidity

With so much uncertainty around the short-term and long-term ramifications of COVID-19, companies need to react quickly to maintain and protect their liquidity. This requires managing not only the income statement, but also the balance sheet to drive real cash flows. Joined by a panel of industry professionals, Plante Moran experts will discuss which levers operators can pull to have an immediate impact on their bottom-line, as well as additional considerations to employ as best practices for the long-term. U.S. Recession Model at 100% Confirms Downturn Is Already Here

The novel coronavirus has spurred what will likely be the worst recession in generations as the U.S. economy grinds to a halt and millions lose their jobs. Bloomberg Economics created a model last year to determine America's recession odds. The chance of a recession now stands at 100%,
