# WELCOME TO THE 2021 OUTSTANDING GROWTH AWARDS

It's been a year of unimagined change and challenge. Despite the odds, we have seen our community rise to these challenges and show what we are made of.

At the heart of every successful business and community are its people. The last year has been a test of resiliency for every single person. From the small business owners to teachers to parents, the social and economic challenges we've faced have served to emphasize the true value of our West Michigan community. We have harnessed our inner strength to fight each setback and challenge, and we believe we are stronger today for it.

This year, as our committee prepared to accept nominations for our 18th Outstanding Growth Awards winner, we had many reasons to pause. It wouldn't be hard to find companies that demonstrate the kinds of successes we celebrate, but this did not feel like a year to honor the achievements of one individual company.

We are inspired when we look at our ACG community and we are so grateful for the extraordinary people here in West Michigan. There will be more challenges ahead, but we have much to celebrate in the outstanding achievements of our amazing communities. It is with great pride we present the 2021 Outstanding Growth Award winner as:  
WEST MICHIGAN.

## ABOUT THE OUTSTANDING GROWTH AWARD:

Nominations reflect companies that have a minimum \$10 million in sales with demonstrated growth, profitability, and employment.

Over the past 18 years, our community has celebrated many businesses that have achieved these goals. We are proud to look back at the organizations that comprise our Winner's Circle and admire the successes they have shared in our West Michigan community.
