Members to Receive Pre- and Post-Event Attendee Lists

As an added benefit to members, your ACG Denver team has begun providing members with two lists to support overall networking efforts. Prior to an event, a link to a list of event registrants will be included in the *event reminder email*. Secondly, a link to an updated attendee list will be sent shortly following the event as part of the *event survey email*.

Please note that no contact information will be provided; the list only includes name, company and registration type (so you can determine attendee membership). We hope you enjoy this added member-benefit!
