January 2019 Special Event: Economic Outlook with Alan Beaulieu *Shifting Gears*

The Leading Indicators are telling us to expect a change in the economy in 2019 and into 2020. We will look at those changes, and take a deeper look at the 2020s overall, as we all plan our strategies for the future. We will also discuss what difference the mid-term elections will make, if any, trade policies and their impact on the economy, the health of the consumer and what we can expect in the way of business-to-business activity. Dorothy Donnelly's Transition from ACG Denver

This past September, Dorothy Donnelly informed the ACG Denver Board that she would be resigning as our Executive Director at the end of the year. As most of you all know, Dorothy has been an important contributor to the growth and development of the ACG community for the past ten years. She has been a long-time chapter member, past-chair of the Rocky Mountain Corporate Growth Conference, and a Board member before becoming our Executive Director in 2012.

Dorothy has played a key role in developing the strategies, processes and people that have made our Chapter successful. I know that I can speak for many other Chapter Presidents when I say that Dorothy has been critically important to me as a thought partner and operating leader. It is no exaggeration to say that we would not be where we are today—as one of ACG's leading chapters—without Dorothy's focus, drive and commitment, all delivered with an engaging smile and a great sense of humor.

Dorothy has helped our search committee, led by Barry Levine, explore potential successors and we expect to have an announcement about the new Executive Director around the first of the year. At this time, however, I want to focus on thanking
