About Women of Leadership

ACG New York Women of Leadership (WOL) was founded in 2008. While embracing and maintaining the principles and goals of ACG Global and the New York Chapter, WOL specifically focuses on facilitating connections between women leaders in the dealmaking community so that they can share experiences, needs, contacts and, overall, help one another succeed.

WOL hosts approximately four events per year, including content-driven educational panels, keynote addresses, and pure networking opportunities. We consistently strive to make our community stronger by offering value back to our members and their guests through dynamic programming and expanding our network of leaders at every stage of their career.

The WOL provides a targeted channel of events that strengthens the network of the New York Chapter by contributing to the growth of its diversity and affords speakers, attendees, and sponsors with access to a premier group of women in the financial services industry.

The WOL events are offered as part of the ACG New York programming and are open to members and non- members of the chapter. ACG New York members are able to attend WOL events at a discounted rate. WOL's programs highlight the success of women entrepreneurs and leaders in the industry, bringing high impact content while working in time for attendees to share knowledge and make connections.
