

## Anthony Paravati

Radiation Oncologist

*Kettering Health Network*

Dr. Anthony Paravati is a board-certified radiation oncologist with a special focus in the treatment of skin cancers with external beam radiotherapy and brachytherapy at Kettering Health Network (a network of eight hospitals in the Cincinnati and Dayton OH metro areas).

Prior to joining Kettering Health Network, he completed his postgraduate medical training in radiation oncology at the University of California, San Diego. It was during his time in San Diego that Dr. Paravati developed an expertise in the non-surgical treatment of non-melanoma skin cancers as well as the adjuvant and systemic treatment of melanoma with radiotherapy and immunotherapy, respectively.

Prior to his post-graduate medical training, he obtained an MD and an MBA from Dartmouth Medical School and the Tuck School of Business at Dartmouth, respectively.

Dr. Paravati's prior professional experience outside of the direct delivery of clinical care was in international clinical services development for which he has been active both in Europe and in SE Asia.
