**Blake, Cassels & Graydon LLP (Blakes) and The Association for Corporate Growth Toronto (ACG)
announce new Canadian Private Equity Study**

TORONTO, ON, May 30, 2018

On May 31, 2018, **Blake, Cassels & Graydon LLP (Blakes)** will release an in-depth study analyzing over 100 recent Canadian private equity buyout and investment transactions on which Blakes acted as lead or Canadian counsel.

Unlike other private M&A studies that source their data from publicly available sources and are therefore, based on private transactions involving public companies, the Blakes study uses only proprietary data and focuses exclusively on transactions involving private equity funds, sponsors or portfolio companies.

The Association for Corporate Growth Toronto (ACG) is focused on providing members with knowledge to drive and sustain corporate growth and supports the launch of new industry information, such as this Canadian Private Equity Study developed by Blakes.

Further details regarding the study can be found at <http://bit.ly/2KovPOK>. Blakes will be hosting receptions to celebrate the launch of the study in each of their Canadian offices, starting in Toronto on May 31.
