

## Cindy Praeger

Co-Founder

*Rhythm Systems*

Cindy Praeger is a Serial Entrepreneur who has a passion for starting and growing companies and developing win-win partnerships. As the Co-founder and Managing Partner of Rhythm Systems, Inc., Cindy delights in helping middle market growth firms use Rhythm's patented software to execute their growth plan, hit their numbers and lead in their market space.

Rhythm Systems clients are always setting new goals for themselves and Rhythm has been a big part in helping them win. BioPlus achieved 140% growth 3 years in a row. AvidXchange increased efficiency in their R&D department by 300%. Mobility Works grew from 5 to 60+ locations, most through acquisitions resulting in record revenue and profits.

Cindy is a graduate of the EO/MIT Entrepreneurial Master's Program. She helped create and develop five new small schools in Charlotte via the Bill and Melinda Gates Foundation. Cindy loves to read and among her favorite business books are Switch, Outliers and Influence.

Cindy and her husband, a fellow Georgetown grad and serial entrepreneur, love being parents and are looking forward their sons next 4 years at University of Southern California. She also enjoys working on her Spanish with her tutor every week and is attempting to perfect her wake surfing skills.
