

## Nathan Clark

Partner

Federal Specialty Tax, DHG LLP

Nathan Clark has 18 years of public accounting experience, including fifteen years with Big-4/national firms, with a deep focus on accounting method changes. His experience ranges from working with small privately held businesses to publicly traded, Fortune 500 companies. He has significant experience in retail, manufacturing, real estate, and hospitality industries, among others. Nathan specializes in capitalization, depreciation, and revenue recognition. He routinely implements engagements for tangible property regulation compliance, as well as studies focused on capitalization issues including, depreciation reclassification, Sec. 174, bonus depreciation, cost segregation, internally developed software, and ready and available. He is also a national resource for tax issues associated with the FASB/IASB Revenue Recognition Standard (ASC 606) and Lease Standard (Topic 842). Nathan has spoken for AICPA conferences, state CPA societies, and other continuing education events. He has published Tax Alerts and articles for AICPA's The Tax Adviser, CCH's Corporate Business Taxation Monthly, CFO.com, AccountingWEB and has been cited by CFO.com and CCH.
