Corsis Named to *Inc.* Magazine's Annual List of America's Fastest-Growing Private Companies

For the second time, Corsis LLC appears on the Inc. 5000

LIVINGSTON, NJ August 16, 2018 – Corsis LLC, the developer of software that scores technology operations for risk and compliance, has made the 2018 *Inc.* magazine list of fastest-growing private companies for the second time. Overall, Corsis ranked No. 491 on the magazine's 37th annual Inc. 5000 list and ranked number 13 among New Jersey companies. Only one in three companies have made the list two times.

“Making the Inc. 5000 list and being part of the elite top 500 companies is truly a testament to the teamwork and collaborative culture evident among our staff and partners as we progress our mission of providing companies with great technology decision making tools.” said Gregg Alwine, CEO of Corsis.

The Inc. 5000 is the most prestigious ranking of the nation's fastest-growing private companies. The list represents a unique look at the most successful companies within the American economy's most dynamic segment—its independent small businesses. Microsoft, Dell, LinkedIn, Yelp, Zillow, and many other well-known names gained their first national exposure as honorees on the Inc. 5000.

“If your company is on the Inc. 5000, it's unparalleled recognition of your years of hard work and sacrifice,” says Inc. editor in chief James Ledbetter. “The lines of business may come and go, or come and stay. What doesn't change is the way entrepreneurs create and accelerate the forces that shape our lives.”

Corsis's listing as well as the complete results of the Inc. 5000, including company profiles and an interactive database that can be sorted by industry, region, and other criteria, can be found at <https://www.inc.com/profile/corsis>.

MORE ABOUT INC. AND THE INC. 5000

Methodology

The 2018 Inc. 5000 is ranked according to percentage revenue growth when comparing 2014 and 2018. To qualify, companies must have been founded and generating revenue by March 31, 2014. They had to be U.S.-based, privately held, for profit, and independent—not subsidiaries or divisions of other companies—as of December 31, 2017. (Since then, a number of companies on the list have gone public or been acquired.) The minimum revenue required for 2014 is \$100,000; the minimum for 2017 is \$2 million. As always, Inc. reserves the right to decline applicants for subjective reasons. Companies on the Inc. 500 are featured in Inc.'s September issue. They represent the top tier of the Inc. 5000, which can be found at <http://www.inc.com/inc5000>.
