The Association for Corporate Growth, founded in 1954, is the premier organization for the global M&A community and corporate growth professionals, with 57 chapters in North America and Europe. ACG's Boston chapter, founded in 1979, includes over 550 members comprised of private equity investors, intermediaries, corporate development professionals, and M&A service providers.

The growing global industry of family office investment professionals has led to ACG Boston introducing programming for the unique professional interests of family office investors active in founding, investing in, acquiring and selling middle-market businesses.

In 2014, the NYC chapter founded a Family Office Committee, and in 2018, the ACG Boston's Family Office Committee was founded. Below is a brief outline of key events organized by the Committee in 2019. If you have questions, contact Christy Dancause, Executive Director, ACG Boston, at cdancause@acgboston.org.
